

COMPETENCIES

Level 3

We analyse critically:

- I balance risks, costs and benefits associated with decisions, thinking about the wider impact and how actions are seen in that context. I think through 'what if' scenarios.
- I use discretion wisely in making decisions, knowing when the 'tried and tested' is not always the most appropriate and being willing to challenge the status quo when beneficial.
- I seek to identify the key reasons or incidents behind issues, even in ambiguous or unclear situations.
- I use my knowledge of the wider external environment and long-term situations to inform effective decision making.
- I acknowledge that some decisions may represent a significant change. I think about the best way to introduce such decisions and win support.

We deliver support and inspire:

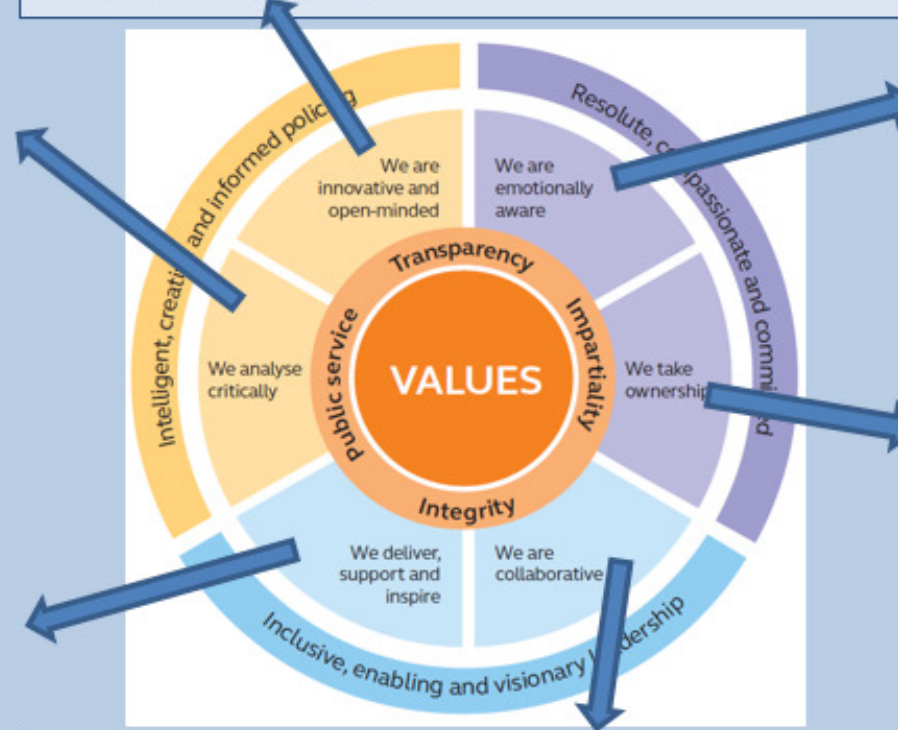

- I challenge myself and others to bear in mind the police service's vision to provide the best possible service in every decision made.
- I communicate how the overall vision links to specific plans and objectives so that people are motivated and clearly understand our goals.
- I ensure that everyone understands their role in helping the police service to achieve this vision.
- I anticipate and identify organisational barriers that stop the police service from meeting its goals, by putting in place contingencies or removing these.
- I monitor changes in the external environment, taking actions to influence where possible to ensure positive outcomes.
- I demonstrate long-term strategic thinking, going beyond personal goals and considering how the police service operates in the broader societal and economic environment.
- I ensure that my decisions balance the needs of my own force/unit with those of the wider police service and external partners.
- I motivate and inspire others to deliver challenging goals.

We are innovative and open-minded:

- I implement, test and communicate new and far-reaching ways of working that can radically change our organisational cultures, attitudes and performance.
- I provide space and encouragement to help others stand back from day-to-day activities, in order to review their direction, approach and how they fundamentally see their role in policing. This helps them to adopt fresh perspectives and identify improvements.
- I work to create an innovative learning culture, recognising and promoting innovative activities.
- I lead, test and implement new, complex and creative initiatives that involve multiple stakeholders, create significant impact and drive innovation outside of my immediate sphere.
- I carry accountability for ensuring that the police service remains up to date and at the forefront of global policing.

We are emotionally aware:

- I seek to understand the longer-term reasons for organisational behaviour. This enables me to adapt and change organisational cultures when appropriate.
- I actively ensure a supportive organisational culture that recognises and values diversity and wellbeing and challenges intolerance.
- I understand internal and external politics and I am able to wield influence effectively, tailoring my actions to achieve the impact needed.
- I am able to see things from a variety of perspectives and I use this knowledge to challenge my own thinking, values and assumptions.
- I ensure that all perspectives inform decision making and communicate the reasons behind decisions in a way that is clear and compelling.

RANK: ≥ SUPT
GRADE: ≥ I

We take ownership:

- I act as a role model, and enable the organisation to use instances when things go wrong as an opportunity to learn rather than blame.
- I foster a culture of personal responsibility, encouraging and supporting others to make their own decisions and take ownership of their activities.
- I define and enforce the standards and processes that will help this to happen.
- I put in place measures that will allow others to take responsibility effectively when I delegate decision making, and at the same time I help them to improve their performance.
- I create the circumstances (culture and process) that will enable people to undertake development opportunities and improve their performance.
- I take an organisation-wide view, acknowledging where improvements can be made and taking responsibility for making these happen.

We are collaborative:

- I am politically aware and I understand formal and informal politics at the national level and what this means for our partners. This allows me to create long-term links and work effectively within decision-making structures.
- I remove practical barriers to collaboration to enable others to take practical steps in building relationships outside the organisation and in other sectors (public, not for profit, and private).
- I take the lead in partnerships when appropriate and set the way in which partner organisations from all sectors interact with the police. This allows the police to play a major role in the delivery of services to communities.
- I create an environment where partnership working flourishes and creates tangible benefits for all.
